

SPONSORSHIP OPPORTUNITIES FOR THE COMPOST OPERATIONS TRAINING COURSE

June 1 - 5, 2026
Merced, CA

Compost[®]
Research & Education Foundation

**Support training.
Build visibility.
Grow your impact.**

This five-day course blends lectures, hands-on activities, and field experiences guided by leading composting professionals.

With over 60 trainings delivered nationwide and 1,800+ graduates, the COTC leads the industry in high-quality, science-based instruction.

Designed for 35 - 45 participants, the course brings together public and private facility managers, consultants, regulators, educators, marketing professionals, and entrepreneurs launching new compost operations.
